Keep Maine ATD STRONG! Become a VOLUNTEER

Tricia Richardson
Chapter President

The ATD Maine Chapter is a robust community of Talent and Learning Development professionals, supported and run by volunteers. As an ATD Maine volunteer, you will have an opportunity to give back to your professional community by helping others, as you have been helped in your career. You will make a positive difference in your field.

Whether you have only a few minutes here and there, or you want to try your hand on a standing committee, you will find opportunities that fit your interests and your professional goals.

We are looking for volunteers who are interested in sharing their expertise, while helping the Chapter provide value to the Talent Development community.

We look forward to speaking with you about the opportunities at your local Maine ATD chapter!

What our VOLUNTEERs are saying

Joyce Bailey
Programs Committee Member

Why do I volunteer on the Maine ATD Program Committee? I thrive by making conscious and authentic connections with diverse people. I am energized by collaboratively engaging in actions that inspire others to learn and grow. Having regular reflection time with the talented people who run this organization is stimulating and rewarding to me. In addition, being able to use fun and creative expression with a welcoming and intelligent group like this is divine!

Katie Vaillancourt
ATD National Advisor for Chapters

I have been an active volunteer with Maine ATD since I joined the Chapter in 2006. Spending time on the board and eventually leading the organization, no doubt helped me become a valuable Learning & Development professional.

I continue to learn from my Maine ATD colleagues and truly value this organization.

Help Lead the Way

As a Maine ATD member, you are already having conversations that elevate our entire group. Conversations with fellow members elevate all of us as we share ideas that matter. With professional development, networking and access to Maine ATD resources, you make our organization an ongoing success. Volunteering at Maine ATD opens up possibilities to engage and collaborate as we shape our future. Consider helping out with session check-in or the resource table. Or, if you would be more comfortable volunteering on a one project basis, collaborating on our part in the New England Conference might be a good fit.

Being a member of a committee is another volunteering option. Committees include the membership, programming, and nominating committees where people are needed. Working on the Maine ATD Board is another opportunity. Ten directors serve two year terms and work with the Maine ATD President to help fulfill our mission: *to assist individuals and organizations to increase/achieve their potential through work-related training and development.*

We welcome your interest and enthusiasm...

Can't wait to get involved?
